

EventServ STAGING

EventServ is Ireland's No. 1 events services company, specialising in the hire and sale of staging, seating, rigging, crowd control and ground covering solutions to the event sector.

Stages and stage roofs are available in a variety of sizes. We also provide bespoke shaped stages, catwalks, risers, PA wings, ramps, viewing and camera platforms.

Orbit Stages

These stages offer a curved roof built to a range of widths, depths and heights to accommodate your requirements.

With roof spans of 12m, 15m and 18m this is a popular option for concerts and festivals of various sizes.

Mobile Stages

We offer the perfect solution for events with very limited set up time. Our truck stage can arrive on site and be set up within 45 minutes.

A range of mobile seating stands is also available.

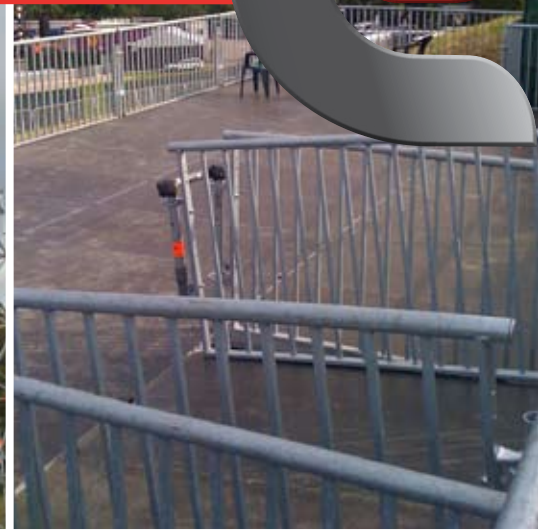

Other Structures

We can cater for a variety of structures. Some examples are:

- Access ramps, stairs and walkways
- Bridges
- Camera Towers
- Follow spot Platforms
- Front of House Structures
- Loading Ramps
- Observation Towers

EventServ STAGING

(Other Structures Continued)

- PA towers
- Screen Structures
- Signage goalposts and towers
- Tent and marquees under structures
- Wheelchair user viewing platforms

Rigging

We provide rigging services and design for concerts, theatres, festivals, corporate events, exhibitions and retail centres. We can also arrange on tour supply of riggers and equipment.

Be-Spoke

If you have unique or specific requirements for your event we can supply you with a variety of innovative and effective solutions.

Our versatile and effective scaffolding system allows us to create bespoke structure to fulfil any need.

The range of possibilities is restricted only by your imagination.

“Whatever the event,
wherever the venue...
Eventserv have the
solutions”
